New rechargeable lithium-ion battery

The DYMO® LabelManager™ 260P label maker eliminates the inconvenience of AA batteries—simply charge and go giving you labeling power wherever and whenever you need it. The sleek new design is perfect for any office or workspace and is packed with new features inspired by LabelManager™ users that help you get the results you want with ease and convenience.

- Enter text quickly using the familiar ABC-style keyboard
- Quick access to special symbols including punctuation, diacriticals and currency

Quick glance label maker features

- Large screen displays two lines of label text
- Graphical display lets you see text effects on screen before you print. This means no more guessing what the label will look like - what you see is what you get!
- Work faster with an improved user interface that displays all menu options onscreen without scrolling, and includes intuitive icons for formatting options
- Customise labels and add emphasis by choosing from 3 fonts styles, 6 font sizes, one of the many text styles, and one of 8 different box styles
- Uses DYMO D1 labels in 6, 9, and 12 mm widths
- 9-label memory and “save text” feature
- Print up to 10 copies of the same label
